Chappaqua District Wide School Safety Plan July 2019 – updated	4
---	---

## CONCEPT OF OPERATIONS

---

The District Wide Team has built on what was already in place, specifically the existing Emergency Response Plan that had been developed pursuant to previous Commissioner’s Regulations. The plans have been revised over the years to adapt to changes in recommendations and regulations. The current update will incorporate best practices from state police and SED as presented by the “Guidance Document for School Safety Plans.”

Staff development activities for the future will address issues related to school violence, the planning process for dealing with crises, violent behavior in our society, assessing threats and violent potential of students.

The District Wide School Safety Plan is linked directly to the individual Building-Level Emergency Response Plans. In the event of an emergency or violent incident, the initial response at an individual building will be by the Building Level Safety/Emergency Response Team. The Building Level Safety/Emergency Response Team will immediately notify the District Superintendent and, where appropriate, will notify local emergency officials. If the emergency or violent incident has an impact beyond the individual building, the District Safety/Emergency Response Team will be activated and will coordinate the response.

As a part of developing the District Wide School Safety Plan, input was gathered from both the local police and the state police. We will continue to work closely with the law enforcement agencies, the ambulance departments and fire departments that have jurisdiction over our campuses. We will also continue to seek resources and support through other state and county agencies.

This Plan seeks to develop a solid framework upon which District can provide:

- A safe learning environment for our students and a safe working environment for staff.
- A thorough and thoughtful process for responding to a wide range of emergency situations.

## PLAN REVIEW AND PUBLIC COMMENT

---

The Plan will be reviewed periodically and will be maintained by the District-Wide School Safety Team. The required annual review of the Plan will be completed on or before August 1 of each year to allow for 30-day comment period and adoption on or before September 1. A copy of the plan will be available in the offices of the Assistant Superintendent for Business and the Director of Facilities.

Pursuant to Commissioner’s Regulation 155.17 (e) (3), this plan was made available for public comment. The District-wide and building-level plans may be adopted by the school board only after at least one public hearing that provides for the participation of school personnel, parents, students and any other interested parties. The plan was formally adopted by the Board of Education.

While linked to the District-Wide School Safety Plan, Building-Level Emergency Response Plans shall be confidential and shall not be subject to disclosure under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801-a.

## SECTION II: RISK PREVENTION AND INTERVENTION

---

Risk Reduction/Prevention and Intervention are comprised of activities that are taken prior to an emergency or disaster to eliminate the possibility or the occurrence, or reduce the impact of an emergency if it does occur.

---

### PREVENTION/INTERVENTION STRATEGIES

---

---

#### PROGRAM INITIATIVES

---

The Chappaqua School District, through its District Wide and School Building Level teams, will examine a wide range of prevention and intervention programs and activities to determine the most appropriate and effective approaches to achieve a safe environment.

Currently in place are:

Chappaqua District Wide School Safety Plan July 2019 – updated	6
---	---

All personnel who regularly answer telephones will receive updated training on protocols for data gathering in the event of a bomb threat made over the telephone. This training will be provided by the school district

We may have one or more of the following trainings this school year that will be coordinated with local agencies, which may include but are not limited to police, fire, ambulance, local emergency management offices and PNW BOCES:

- Early release or go home early drill

Section 807 of the Education Law mandates that pupils must receive instruction on how to exit the building in the shortest possible time without confusion or panic. The instruction must be in the form of drills or rapid dismissals and must include a minimum of **8** drills each school year.

8 NYCRR Section 155.17 (e) (3) - each building level emergency response plan shall be tested including sheltering and early dismissal (no earlier than 15 minutes before normal dismissal).

Each school building at Chappaqua holds **8** evacuation drills and **4** lockdown drills each year. In October of each year, we participate in an early dismissal drill. Additional drills and exercises are held as needed. The building level emergency response teams meet regularly to discuss safety, security, drills and exercises.

---

### VITAL EDUCATIONAL AGENCY INFORMATION

---

Each Building Response Plan will contain vital information such as school population, number of staff, transportation needs, and telephone numbers of key educational officials.

---

### IMPLEMENTATION OF SCHOOL SECURITY

---

- Each building, as a part of developing the Building-Level Emergency Response Plan, examines specific security needs for their building. Different strategies are required to address needs specific to individual schools as indicated by the programs offered and the age of the students that are served. Administrators conduct a comprehensive security assessment survey of their school's physical design, safety policies, and emergency procedures.
- Each building develops and enforces restrictions about students loitering in parking lots, hallways, bathrooms, and other areas. Restrictions are included in the student handbook/Code of Conduct.
- The principal, as well as, key office staff in each building has a communication system allowing for communication among key staff in an emergency.
- All employees are required to wear photo ID badges.

---

### NOTIFICATION AND ACTIVATION

---

---

#### INTERNAL AND EXTERNAL COMMUNICATION

---

In case of an emergency within the district, whether it is a violent incident or other emergency, the Incident Commander (usually a school Building Administrator) is authorized to contact local law enforcement or other first responders. When **any** faculty or staff member believes that a situation warrants it, they are authorized to call 911 to report an emergency. They should contact the superintendent's office as soon as possible to report that 911 has been called.

The Superintendent will notify all Building Administrators/designees of facilities within the District to take the appropriate action. . The internal phone system as well as the emergency cell phone system will be utilized. The Superintendent will also determine if the District Safety/Emergency Response Team requires activation. The District's emergency response procedures follow the NIMS ICS (National Incident Management System Incident Command System) guidelines.

The District's procedures include maintaining a list of local law enforcement agencies, and instructions that, in the event of an emergency, all individuals are authorized to contact the law enforcement agencies. These procedures are located within the Building Level Emergency Response Plans.

Policies and procedures exist to contact student’s parents, guardians or persons in parental relation to the students in the event of a violent incident or an early dismissal. These procedures include emergency contact cards provided by students, and Blackboard Connect, which is an automated system that enables us to contact parents and staff via telephone and/or e-mail quickly and efficiently with important information.

## EMERGENCY RESPONSE PROTOCOLS

---

**ALL SPECIFIC RESPONSES TO EMERGENCIES ARE MAINTAINED WITHIN THE BUILDING LEVEL EMERGENCY RESPONSE PLANS.**

---

### MULTI-HAZARD RESPONSE

---

The Chappaqua CSD has developed multi-hazard response plans to the various types of emergencies. Included in these documents are plans for responding to active shooters, bomb threats, missing or kidnapped students, hostage situations and threats of violence. Other responses have been developed as identified by the building teams.

---

### THREATS OF VIOLENCE IN SCHOOL

---

The Chappaqua CSD is committed to the prevention of violence against any individual or property in the schools or at school activities whether such acts and/or threats of violence are made by students, staff, or others. ## RESPONSES TO ACTS OF VIOLENCE: IMPLIED OR DIRECT THREATS

---

In the event of an implied or direct threat (threats are alarming statements or behaviors that give rise to concern about subsequent violence) of violence by a student, staff member or visitor to a school, the Building Administrator should be informed immediately by the threatened individual (or a staff member who becomes aware of the threat). The Building Administrator or their designee will determine the steps to be taken based on the nature of the threat. The steps may include further investigation, threat assessment, notification of the Superintendent, activation of the Building Emergency Response Team and/or notification of local authorities and notifying the parents of the student against whom the threat was made. Students, staff, parents, and community members have access to our anonymous reporting system, Anonymous Alerts.

A bomb threat to a school is a criminal act, which is within the domain and responsibility of law enforcement officials. Appropriate state, county, and/or local law enforcement agencies must be notified of any bomb threat as soon as possible after the receipt of the threat. Law enforcement officials will contact, as the situation requires, fire and/or county emergency coordinators according to the county emergency plan. Therefore, the building administrator or designee is to notify local law enforcement officials and follow established procedures to move all occupants out of harm's way.

## ACTS OF VIOLENCE

---

Acts of violence by students, staff members or visitors to the schools will not be tolerated. In the event of such an incident, any staff member who feels that it is necessary may call 911. The victim or the staff member who becomes aware of the incident should inform the Building Administrator immediately. The Building Administrator or their designee will determine the steps to be taken based on the nature of the incident. The steps may include further investigation, threat assessment, and notification of the Superintendent, activation of the Building Emergency Response Team and/or notification of local authorities. Refer to the building level emergency response plans for more detailed response protocols (building level plans are confidential and are not made available to the public). Depending on the nature of the situation, other actions (e.g., lockdown, hold in place, or emergency evacuation) may be necessary.

---

## ARRANGEMENT OF OBTAINING ASSISTANCE FROM LOCAL GOVERNMENT AND OTHER AGENCIES

---

---

## PROCEDURES TO COORDINATE THE USE OF DISTRICT RESOURCES IN AN EMERGENCY

---

In an emergency that requires the activation of the District Emergency Response Team, the coordination of District resources will be through the District Team with the Superintendent of Schools (or his/her designee) as Incident Commander. If the District Team is not activated, the coordination of resources will be managed through the Office of the Superintendent of Schools. The Director of Buildings and Grounds will oversee the allocation of custodial and maintenance staff, as well as heavy equipment and non – transportation needs. Where needed, the building administrators will coordinate the use of support staff. In cases where computers and related technology are necessary to provide support, the Director of Technology will also become involved.

CPR/AED and First Aid trained individuals and their contact information are listed within the Building Level Emergency Response Plans and are maintained by each building.

Emergency supplies are located throughout the District buildings and may include flashlights, hand-held radios, fax machines, fire extinguishers, AEDs, first aid kits, cell phones, and PA systems.

---

## PROTECTIVE ACTION OPTIONS

---

During certain emergencies, one of a variety of protective actions may need to be employed.

Summaries of the options are found below. Detailed plans associated with procedures for each school building are maintained in each Building Level Emergency Response Plan. Each building has plans to respond to bomb threats, hostage taking, intrusion, and kidnapping in addition to other responses.

Chappaqua District Wide School Safety Plan July 2019 – updated	12
---	----

## SCHOOL CANCELLATION

---

School cancellation will be used when information regarding a potential crisis is received with enough lead-time to alert all staff and students. Examples include events such as weather-related incidents for which ample warning is normally provided or utility failures.

## EARLY DISMISSAL

---

Early dismissal will be used when school is in session and there is time to return staff and students to their homes before the expected emergency occurs. The superintendent of schools or his /her designee activates early dismissal. It will be communicated to student's home school districts, parents and guardians via: automated message, radio and television and in some cases text message.

## SHELTER IN PLACE

---

Suitable for a variety of reasons shelter in place is used in response to a situation outside of the building such as a weather emergency, or a chemical spill or other environmental hazard. The Building Administrator or their designee will usually activate the shelter in place. Locations for specific sheltering sites are maintained in the Building Level Emergency Response Plan.

## HOLD IN PLACE

---

Suitable for a variety of responses, hold in place offers the ability to isolate and control the movement and/or to relocate building occupants by rooms, halls, or areas to other parts of the building determined to be safe. In addition, it can be used as a precautionary measure prior to building evacuation. The Building Administrator or their designee will usually activate the hold in place annex.

## EVACUATION

---

Evacuation/relocation will be used when school is in session and it has been determined that an occupied building or location does not provide a safe environment for staff and students. The Building Administrator or their designee usually activates an evacuation. In case of fire or large chemical spill, any staff member who becomes aware of the issue may activate the evacuation procedures.

## LOCKOUT

---

In response to incidents of actual or potential threat from outside the building, a lockout may be initiated. The nature of the incident will determine if 911 should be called. For example, local law enforcement may contact school officials to advise them of a suspected fugitive in the immediate area of the school building. If a wild animal, such as a bear or raccoon that is acting strangely, were to wander onto school grounds, school officials could initiate a lockout and contact police. Any staff member who becomes aware of a threat outside the school may activate the lockout annex.

---

## LOCKDOWN

---

In response to incidents of actual violence, a lockdown may be initiated. If it is determined that a lockdown is necessary. Any staff member who becomes aware of an immediate threat of violence in or around the school is authorized to activate the lockdown annex.

---

## RESPONSE PROTOCOLS

---

Chappaqua CSD recognizes that many different types of emergency situations may arise resulting in emergency specific responses. A detailed listing of emergency responses is included in each School Building Emergency Response Plan. For reasons of student safety, these specific plans are confidential and will remain secure. ## SECTION IV: RECOVERY

---

As part of the planning process, a post-incident plan provides a scaffold on which the needs of all individuals are addressed. The Chappaqua CSD District Safety/Emergency Response Team is charged with providing support to the Building Teams.

The Chappaqua CSD District will support any building to recover from an emergency situation. School mental health staff may be assigned to respond to assist the affected staff and students. If the need is greater than that which can be managed by district personnel, the Regional Crisis Team may be requested. The Chappaqua CSD Crisis Response Team will be available to assist.
