

**WHAT IS A DEBIT CARD SYSTEM AND HOW CAN I PARTICIPATE?**

1. Pre-payments of any amount can be deposited into your child’s computerized lunch account, to be used for lunch and/or a la carte purchases.
2. By checking “NO” a la carte, on the form below your child will only be permitted to debit a student lunch as described on page 1. (They will be allowed to purchase water unless you state otherwise)
3. To access pre-payment funds a bar code card will be issued for each elementary student and held in the cafeteria to avoid loss. Middle school and High School students use a pin pad to enter their student ID number. Student photo will appear after pin is entered for verification.
4. Accounts must maintain a positive balance. Parents will be alerted weekly to low account balances by automated e-mail alert system. Students with a negative account balance greater than \$20 will be denied a la carte purchases.
5. Purchases utilizing the pre-payment system may be restricted until negative balances are rectified.

**DEBIT CARD PREPAYMENT FORM**
